Sir:

**COMBINED AMENDMENT AND  
REQUEST FOR DRAWING CHANGE APPROVAL**

In response to the non-final Official Action currently outstanding with respect to the above-identified case, Applicants respectfully submit the following Request for Drawing Change Approval and Amendment.

**Best Available Copy**

### **REQUEST FOR DRAWING CHANGE APPROVAL**

It is respectfully requested that the Examiner approve the following proposed change to Figure 4 of the drawings of the above-identified application.

Please move the designation "Shift Register" out of the box in which it is presently contained and run a lead line therefrom to the interior of the box. Further, please extend the line extending to the right from the box "AS" and add two arrow headed lines extending therefrom to the top of the box presently designated as "Shift Register" opposite the lines designated "G<sub>159</sub>" and "G<sub>160</sub>". In addition, please add five additional dotted line boxes within the box previously designated as "Shift Register", the first three added boxes being separated from the other two by "...", and label the first added box "m" and the box immediately after the "..." as "k". The proposed changes to Fig. 4 just described are shown in red on the attached photocopy of Figure 4 and are supported by the present specification at least at page 56, line 6 to page 61, line 5.

In addition, Applicants are submitting concurrently herewith a new set of drawings incorporating the proposed changes as required by the United States Patent and Trademark Office. Acceptance of these new drawings is respectfully requested.
